-What we do and why we do it -

VOCAL EXPLORATION - Explore full vocal range and focus on developing the head voice.

ECHO SONGS - Students echo short melodic phrases sung by the teacher/leader. Builds pitch accuracy.

CALL AND RESPONSE - Student response is different from the teachers' call. More difficult than an echo song. Strengthens pitch accuracy.

SHORT SONG - Only contains a few notes and has a simple pattern. Encourages independent singing.

SIMPLE SONG - Contains more notes and is longer in length. Builds tonal memory.

BEAT MOTION SONG - Students identify and maintain a steady beat with their body. This progresses to playing a steady beat on instruments.

FINGERPLAYS - Rhythmic and expressive speech paired with fine motor movement. A good bridge from speaking to singing.

MOVEMENT EXPLORATION - Responding to music with guided or improvised gross motor movement.
