8:20 Community Use of School Facilities

School facilities are available to community organizations during non-school hours when such use does not: (1) interfere with any school function or affect the safety of students or employees, or (2) affect the property or liability of the School District. The use of school facilities for school purposes has precedence over all other uses. The District reserves the right to cancel previously scheduled use of facilities by community organizations and other groups. The use of school facilities requires the prior approval of the Superintendent or designee and is subject to applicable procedures.

Persons on school premises must abide by the District's conduct rules at all times.

Non-school related organizations granted use of facilities may be required pay fees and costs.

The Superintendent shall develop procedures to manage community use of school facilities. Use of school facilities requires the Superintendent's approval and is subject to the procedures.

The Board will require compensation for damage to school property and equipment by the organization or group causing such damage whether such damage was deliberate or accidental. Such compensation will be based upon the cost of repair or replacement, the choice of which to be at the discretion of the Board.
